3. FEEL SO BAD

Music: Shubha Vedula, Chris Rishel

Lyrics: Shubha Vedula

Arrangement: Chris Rishel

Solo: Shubha Vedula

Recording and editing: Chris Rishel

Mixing: Ed Boyer

VERSE 1

He came from nowhere took a chance and he found me
And then we just hit it off
My heart was spinning didn't know he would blind me
Started to figure it out

PRE-CHORUS

Just sayin' I know what he's like
You don't wanna get into it but you're gonna anyway
Devil in disguise
Say the things you wanna hear
Ooh-la-la
He could get away doing what he wants
And it's up to you what you do

CHORUS

Save your soul, that boy is on a roll
It's time you think it through and choose
Bless your heart, don't let it get too far
You wanna win but you might lose

POST-CHORUS

Honey, I wasn't sure just what to do
I really thought I found somebody new
And it's up to you what you do
'Cause I feel so bad for you

VERSE 2

So many times I asked myself, "Am I
dreamin'?"
That boy he blew me away
So is this love? Do you need him?
Or do you just like the chase?

PRE-CHORUS

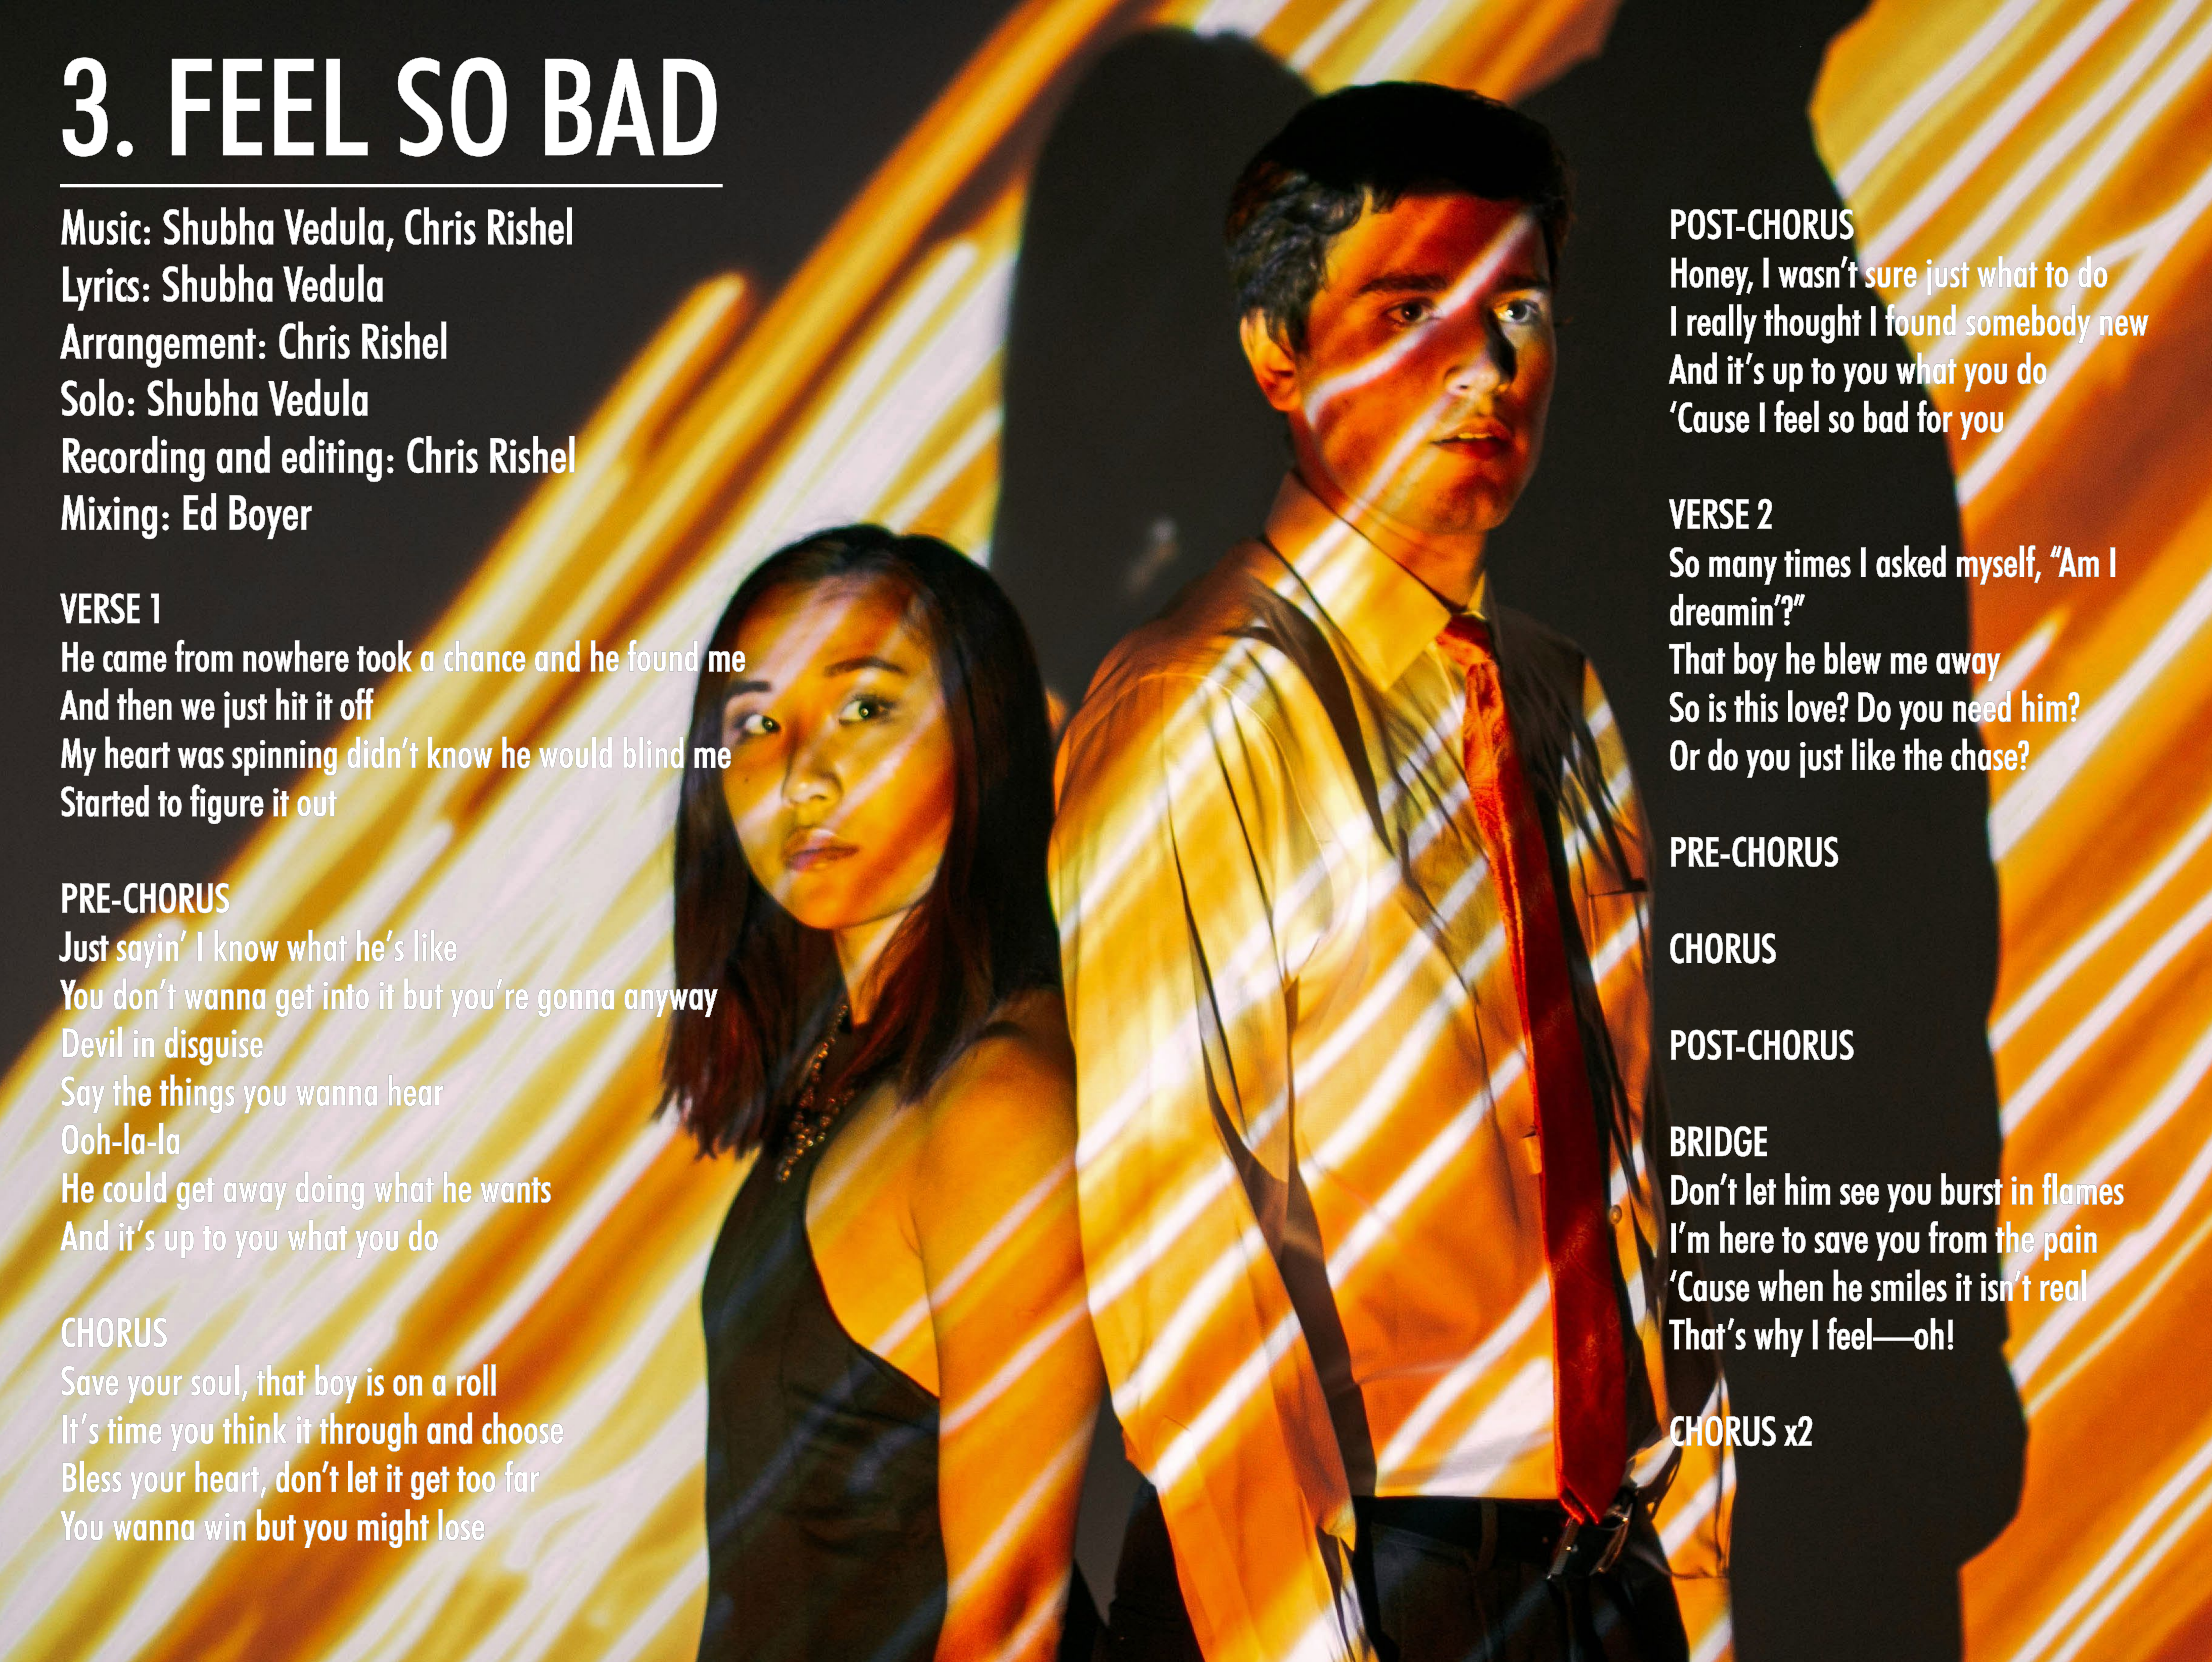

CHORUS

POST-CHORUS

BRIDGE

Don't let him see you burst in flames
I'm here to save you from the pain
'Cause when he smiles it isn't real
That's why I feel—oh!

CHORUS x2

A man and a woman are standing side-by-side in front of a background of concentric circles. The man is on the left, wearing a dark suit, white shirt, and a patterned yellow tie. The woman is on the right, wearing a dark green sleeveless top with a zipper detail and a necklace. Both are looking directly at the camera. The lighting is dramatic, with strong shadows and highlights from above, creating a moody atmosphere.

VERSE 1

When we're away, I know you love me still
You think you love me still, but that doesn't make it easy
For me to stay, above the water here
Until another year, treading till you can be with me

PRE-CHORUS 1

Because the day, it makes the waves subside
And I am occupied by one thing or another
But when I lay my head on pillow foam, I cannot feel at home
Because we're not with each other

CHORUS

I don't let waves break over you my friend
As long as seas are calm and skies are blue
But when the tides turn and the stormy seas descend
There's an empty space in my arms that should be you

VERSE 2

When we're apart, the words you say are nice
But words just can't suffice, for the absence of your fragrance
And though the art of pictures that you send, can somehow help to mend
The hole that holds your presence

PRE-CHORUS 2

I know my heart is bound to leap and slide
The miles to where you reside
Leaving me an empty carcass
'Cause from the start of this whole distance thing
Can't hear your body sing
And it's filling me with darkness

CHORUS

BRIDGE

All I have are sheets of crashing waves
Without a rock to stay me
From tossing and turning
And rolling about on a shoreless sea
Till you hold my hand, I can't find dry land

When we're away I know that my heart
Hated the day did us this distance part
When we're apart I simply cannot stay
Sated on art, when me to sleep I lay

CHORUS

Should be you, empty space-oooh

A man in a white shirt and patterned tie stands next to a woman in a dark dress. They are positioned in front of a background of glowing blue squares, creating a grid-like effect. The lighting is cool and blue-toned.
